REPLY TO NOTICE REQUIRING EXCESS CLAIMS FEES
AMENDED AMENDMENT

In reply to the Notice Requiring Excess Claims Fees, mailed 08.24.2006, Applicant herein amends Claim 13, as originally submitted as a response to the non-final Office Action of May 22, 2006, to correct the inadvertently left out "as recited in Claim 11" dependency phrase, thereby making clear that Claim 11 is not, and by the language "further comprising" was not meant to be an independent claim and that the claims contain only the three allowed Independent Claims as Claims 1, 16, and 20.

Claim 13 (currently amended) The letter opener writing instrument device ~~pocket clip cutting element unit~~, as recited in Claim 11, further comprising a stopper wherein said stopper is functionally attached to said case between said cutting element and said second end of said pocket clip arm, therein limiting accessibility to said cutting element.
